

Nominate the top vendor blogs

Written by Tim Masters
Monday, June 22, 2009 -

When we first started to maintain a list of "Top Blogs" it was an arbitrary list with essentially 5 people picking our favorite blogs. Well... the Storage Monkeys community is big enough now that it is time to let the group select the top 10 blogs... and we'll kick it off with Vendor Blogs first. So please... begin nominating by leaving a comment so we can build a list which to have people vote...
